### Netccentric Limited Directors' Report 30 June 2018

The directors of the company are pleased to present their report together with the financial statements of the consolidated entity (referred to hereafter as the "group") consisting of Netccentric Limited (referred to hereafter as the "company" or "parent entity") and its controlled entities for the six-month reporting period ended 30 June 2018.

### Directors

The directors of the company in office during the reporting period and at the date of this report are:

- Tiah Ewe Tiam
- David Chiam Joy Yeow
- Joanne Khoo Su Nee
- Martyn Thomas (resigned 7 May 2018)

Principal activities

During the period, the principal continuing activities of the consolidated entity consisted of:

- Development of other software and programming platforms to engage consumers;
- Online advertising; and
- Connecting businesses to promote products and services of advertisers with consumers through with bloggers and social media influencers.

### Review of operations (in \$SG)

Group revenue for H1 2018 was \$4.22 million (H1 2017: \$5.53 million). The decrease was largely due to the impact of disposing all our interests in Nuffnang Australia as well as Singapore-based Ripplewerkz and AroiMakMak in H2 2017. We have also disposed our interests in Nuffnang UK in January 2018. Furthermore, in H2 2017, Nuffnang Singapore was down-sized and operations in our China market have ceased. These entities (with the exception of Nuffnang Singapore) contributed a total revenue of \$1.69 million in H1 2017. Note 2 to the accounts details the geographical spread of group revenue.

Despite the overall reduction in revenue, there was a \$0.35 million improvement in cash outflows, with cash used in operating activities reducing from \$1.41 million in H1 2017 to \$1.06 million in H1 2018. In line with the decrease in revenue due to the disposal of some entities, administrative and operating expenses as well as employee benefits also decreased accordingly.

The group's loss before income tax during H1 2018 was \$0.50 million, an improvement of \$0.96 million from H1 2017. The loss in H1 2018 was further attributed by a one-off non-cash loss on disposal of an unprofitable subsidiary, namely Nuffnang Ltd (United Kingdom), amounting to \$0.14 million. However, a \$0.15 million foreign exchange gain has been reported in the period due to the appreciation of foreign currencies against the functional currency.

### Note 1. Significant accounting policies

The consolidated financial statements for the interim half-year reporting period ended 30 June 2018 have been prepared in accordance with Singapore Financial Reporting Standard ("FRS") 34, Interim Financial Reporting.

These financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with any public announcements made by the company during the interim reporting period.

The principal accounting policies adopted are consistent with those of disclosed in the audited financial statements for the reporting year ended 31 December 2017. The report is presented in its functional currency, Singapore dollars.

### Changes and adoption of financial reporting standards

For the current reporting period the consolidated entity has adopted all of the new or revised Singapore Financial Reporting Standards that are mandatory for the current reporting period. The new or revised standards did not require any modification of the measurement methods or presentation in the financial statements. The new or revised standards applicable to the group are as follows:

### Netccentric Limited Notes to the Financial Statements 30 June 2018

### Note 2. Segment Reporting

For management purposes, the group is organised into the following major strategic operating segments that offer different products and services: (1) Influencer Platform, (2) Display Ad Network, (3) Social Media Agency, (4) Digital Asset Production (5) Performance Marketing Agency and (6) Others. Such a structural organisation is determined by the nature of risks and returns associated with each business segment and it defines the management structure as well as the internal reporting system. It represents the basis on which the management reports the primary segment information that is available and that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing the performance. They are managed separately because each business requires different strategies.

The principal segments and type of products and services are as follows:

(1) Influencer Platform	Enables advertisers to engage social media influencers to promote their products and services.
(2) Display Ad Network	Enables advertisers to promote their products or services across a network of over 950,000 sites that attract over 35 million visitors per month.
(3) Social Media Agency	Digital marketing agency specialising in social media strategy and campaign management for advertisers.
(4) Digital Asset Production	Boutique all-in-one digital media production house specialising in web design and development; print & graphic designs; and corporate identity designs.
(5) Performance Marketing Agency	Performance marketing agency specialising in the manufacture and construction of advertising devices through any media.
(6) Others	Others including media production house and mobile blogging applications.

Segment results consist of costs directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Inter-segment sales are measured on the basis that the entity actually used to price the transfers. Internal transfer pricing policies of the Group are as far as practicable based on market prices. The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies.

The following tables illustrate the information about revenue by business units and countries.

B. Denominator: weighted average number of equity shares Basic and diluted	262,500,000	262,500,000

The weighted average number of equity shares refers to shares in circulation during the reporting period.

The basic loss per share ratio is based on the weighted average number of ordinary shares outstanding during each reporting year. There is no difference between the basic and diluted weighted average number of shares.

The Directors declare that:

(a) in the directors' opinion, the attached consolidated statement of profit or loss and other comprehensive income, consolidated statement of financial position, consolidated statement of changes in equity, consolidated statement of cash flows, and notes thereto are drawn up so as to give a true and fair view of the state of affairs of the group as at 30 June 2018 and of the results and cash flows of the group and changes in equity of the group for the reporting six-month period then ended; and

in the directors' opinion, at the date of this statement there are reasonable grounds to believe that the company will be able to pay its debts as and when they fall due.

Signed in accordance with a resolution of Board of Directors.

Independent Auditor's Report on Review of Interim Financial Information to the Members of NETCCENTRIC LIMITED (Registration No: 200612086W)

#### in troduction

We have reviewed the accompanying condensed interim consolidated financial information of Netccentric Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprises the consolidated statement of financial position as at 30 June 2018, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the six months period then ended, and a summary of significant accounting policies and other explanatory notes as set out on pages 8 to 11.

Management is responsible for the preparation and fair presentation of this interim financial information in accordance with Singapore Financial Reporting Standard 34 Interim Financial Reporting. Our responsibility is to express a conclusion on this interim financial information based on our review.

#### Scope of Review

We conducted our review in accordance with Singapore Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity."* A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information does not give a true and fair view of the financial position of the entity as at 30 June 2018, and of its financial performance and its cash flows for the six month period then ended in accordance with Singapore Financial Reporting Standard 34 Interim Financial Reporting.
