# Competitive Advantage - The Long Tail Of Influencer Marketing

## Our value-add: helping brands to navigate a fragmented influencer market

The influencer market has been becoming increasingly fragmented, with **Nano and Micro influencers** dominating a **majority of follower volume**.

Our **database of 20,000 influencers**, built over the past 15 years, enables us to provide the best influencers to suit the demographic requirement of our clients.

This has enabled Nuffnang Malaysia to become a partner of large media agencies and build a base of engaged clients, with **84%** of its FY2021 revenue coming from **existing clients**.

Our competitors are smaller players in our market that lack the depth of data and the expertise and experience we have **built over 15 years**.

## Influencers categorised by follower volume

Influencers are categorised as follows:

- End users: 100 - 1k followers
- Nano-influencers: 1k - 10k followers
- Micro-influencers: 10k - 100k followers
- Macro-influencers: 100k - 1m followers
- Top stars: 1m+ followers

# The Merchist by Nuffnang

END-TO-END MERCHANDISE MARKETPLACE, ALLOWING INFLUENCERS TO SELL THEIR OWN PRODUCTS

In early FY2022 the Group launched 'The Merchist by Nuffnang', a new influencer merchandising marketplace, which provides influencers and artists the opportunity to **develop and sell their own branded products online**.

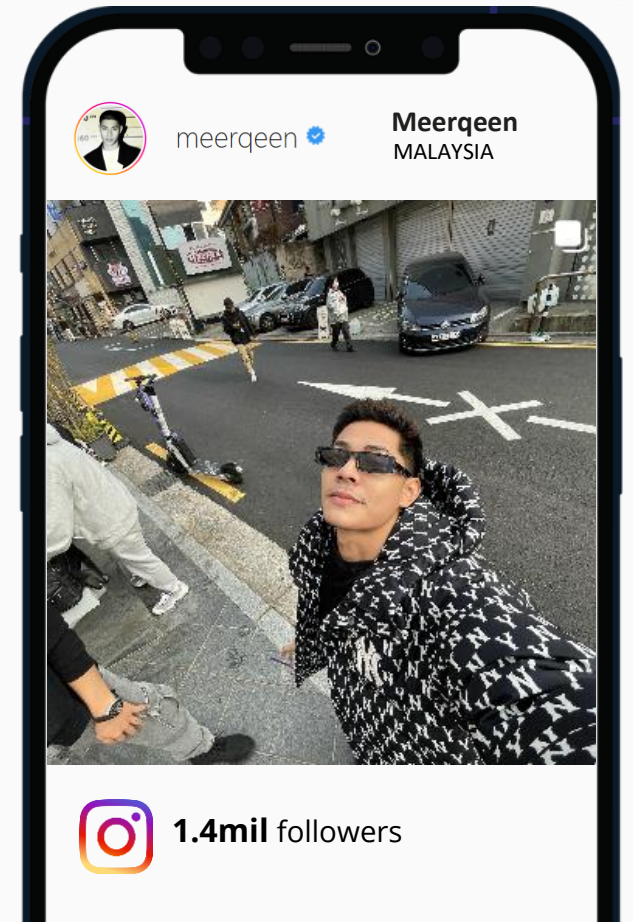

The Merchist by Nuffnang is a **full end-to-end influencer merchandising solution**, providing inspiration, print-on-demand products and fulfilment, all free of charge and with no risk to the influencer. The marketplace is now live at <https://themerchist.com/>.

The Merchist allows consumers to deepen their relationships with influencers by buying a range of customised merchandise, which **supplements and diversifies revenue** influencers earn through branded campaigns.

The Merchist achieved **QoQ growth of more than 200%** in Gross Merchandise Value (GMV) in Q3 FY2022 to S\$18k. A significant contributor to this growth was the onboarding of emerging local actors and actresses, such as actor and health & beauty entrepreneur Meerqeen (1.4 m Instagram followers @meerqeen).

# Strategic Expansion: eCommerce Livestreaming

PROVIDING VALUE TO BRANDS, CONSUMERS AND INFLUENCERS

eCommerce livestreaming first emerged in 2016 as an interactive way to sell products to consumers. According to iResearch (November 2020), the total gross merchandise value (GMV) of livestreaming eCommerce will grow at a CAGR of 39% in the next 5 years, reaching RMB6.4 trillion (~US\$1tn) by 2025e and accounting for 25% of total eCommerce sales in China.

The increasing popularity of eCommerce livestreaming:

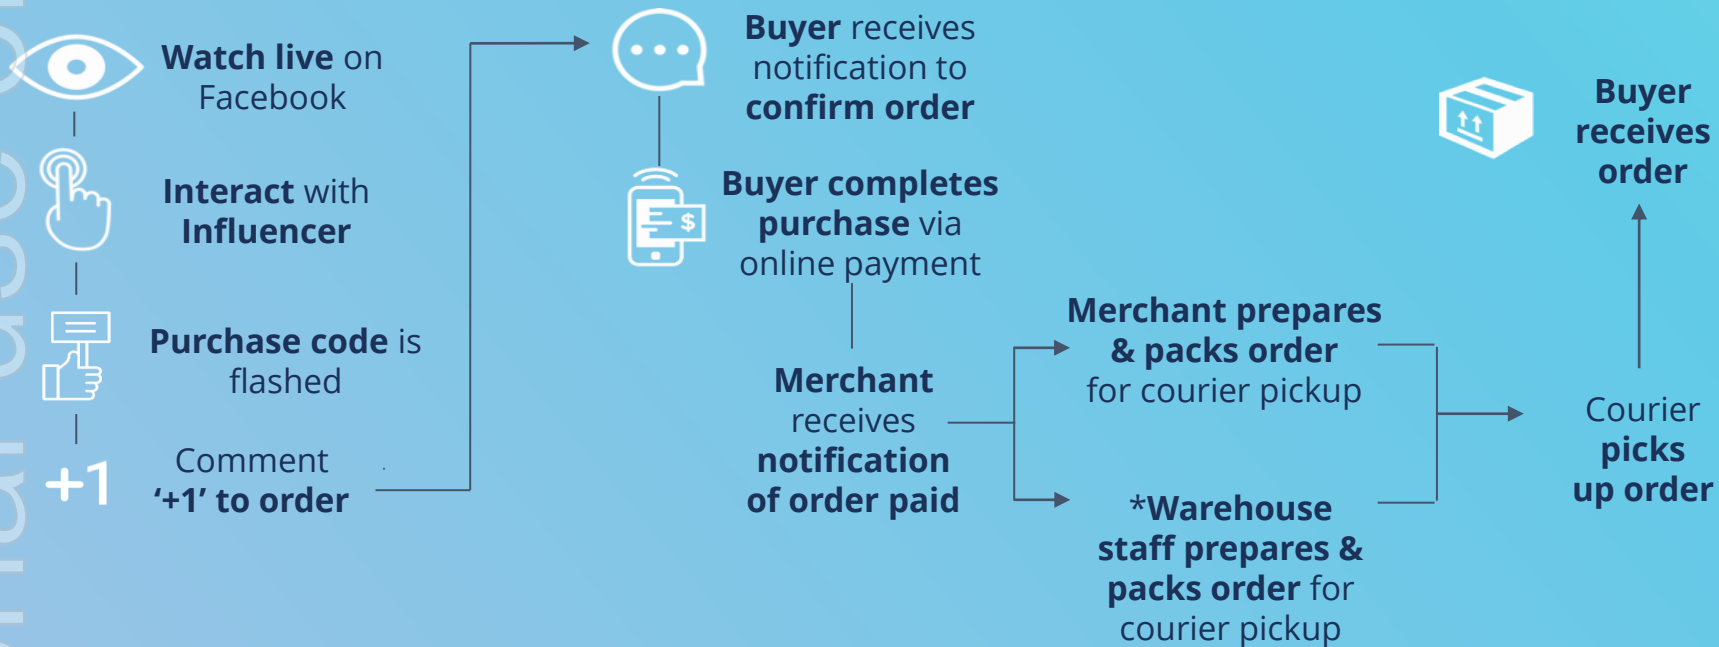

- Is a natural result of rising mobile time and evolving consumer behaviours. As users spend more time on online shopping, it has become a more entertaining and interactive experience
- Helps consumers to make their purchase decisions amid the explosion of products available online
- Provides value to merchants as an effective way to attract, connect, and interact with consumers. Livestreaming also helps merchants sell large volumes of SKUs in a short period of time, leveraging the influence of livestreamers who have large fan bases with strong purchasing power

# Growth Driver – Nuffnang Live Commerce

A FULLY INTEGRATED AND SEAMLESS END-TO-END LIVE COMMERCE EXPERIENCE

OUR PLATFORM SOLUTION IS **API INTEGRATED WITH FACEBOOK** TO PROVIDE A SEAMLESS USER INTERFACE FROM LIVE VIDEO PRODUCTION AND STREAMING TO AUTOMATED ORDER MANAGEMENT, ONLINE PAYMENT AND FULFILMENT.

# Nuffnang Live Commerce Recent Progress

NETCCENTRIC IS BEGINNING TO GAIN TRACTION WITH THIS INNOVATIVE SOCIAL COMMERCE PLATFORM

Nuffnang Live Commerce began to scale up in 2021 and successfully tapped into the booming social commerce industry.

During FY2021, Nuffnang Live Commerce transacted a total of **61,184 orders** with gross merchandise value (GMV) of **S\$4.31 million**.

With Netccentric recently appointed one of TikTok's multi-channel network partners, **NLC is planning to take brands to the forefront of TikTok Shop and TikTok Live**, leveraging the Group's registration as a TikTok Shop Partner. This will empower brands to capture new audiences and customer segments through the various product marketing campaigns run on TikTok.

During Q3, NLC continued to win new high-profile brands as clients. One is XIXILI, a fashion lingerie brand which has won **the Gold Award for 'Best in eCommerce for Fashion & Apparel'** category at the Asia eCommerce Awards in 2019, 2020 and 2021. NLC is empowering XIXILI to capture orders through livestream selling and break into new demographic segments on Facebook.

Activity levels continued to emerge strongly in Q3 FY2022:

- **Quarterly GMV of S\$2.76 million**, +137% YoY
- Average basket size per order of S\$168 +180% YoY
- Segment revenue of S\$49k, +50% YoY

# Case Study – Multi-Channel Network Partnership

## NUFFNANG & TIKTOK SHOP

TikTok launched a live shopping function called TikTok Shop for its Malaysian users in Q1 2022, after its recent success in the Indonesian market in 2021.

To ensure a successful launch, TikTok engaged Nuffnang as one of its multi-channel network (MCN) partners to plan and execute a sales-driven influencer marketing campaign in the month of Ramadan (April 2022).

## THE RESULTS

For this “Selamat Super Deal” campaign, Nuffnang engaged 4 creators to conduct 3 major livestream sessions of 4 hours each in conjunction with the Hari Raya festival in Malaysia.

All our TikTok Shop sessions were successful, generating total revenue for merchants of close to S\$30,000 through sales of more than 3,000 items, and delivering significant boosts in gross merchandise volume (GMV) transacted by the creators.

Further contributing to the success, the usual abandoned cart rate was reduced from 70% to only 15% due to the engaging nature of live shopping combined with a trusting relationship between the creators and their fans.

Seen in photos are Alfred Ong aka Water Daddy; and Imran Bard aka imeringue2 with the Nuffnang team who was behind this campaign.
