

**ASX RELEASE**

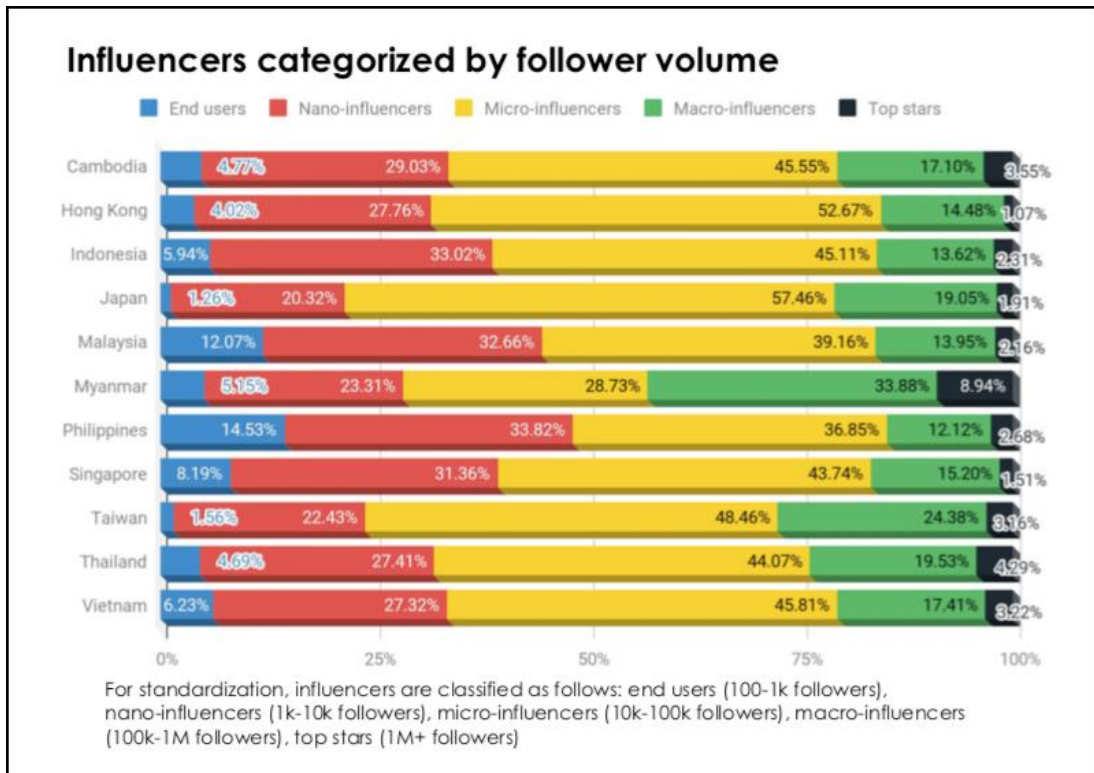

3 April 2023

**NETCENTRIC REBRANDS TO XAMBLE - AMENDMENT**

Social commerce platform provider **Netccentric Limited (ASX:NCL)** ("**Netccentric**" or the "**Company**") together with its subsidiaries, the "**Group**") provides this amended version of the announcement regarding the rebranding of the Company to Xamble which was originally released to the ASX on 30 March 2023.

The amendments to the announcement are as follows:

- On slide 6 the reference to Asia Pacific leading influencer marketing growth has been amended to clarify that the article referenced advises that Asia Pacific is expected to grow at the highest compound annual growth rate between 2020 and 2025; and
- On slide 9 clarification that the reference to micro and nano influencers making up 72.37% of the overall influencer market in Asia is based on a simple average of the countries included in the following chart which is included in the referenced article.

This announcement was approved for release by the Netccentric Board of Directors.

## ASX RELEASE

30 March 2023

# NETCCENTRIC REBRANDS TO XAMBLE, LAUNCHES NEW MOBILE INFLUENCER PLATFORM

### HIGHLIGHTS:

- **Netccentric is rebranding to Xamble to better communicate its products and services**
- **New mobile influencer platform, Xamble Creators has been launched which will diversify the Group's revenue streams and provide new growth opportunities**
- **Xamble Creators will be initially rolled out to the Group's influencers in Malaysia and integrated to Open AI's ChatGPT**
- **Corporate name change to "Xamble Group Limited" is subject to shareholders' approval at the forthcoming AGM**

Social commerce platform provider **Netccentric Limited (ASX:NCL)** ("**Netccentric**" or the "**Company**") together with its subsidiaries, the "**Group**") is rebranding to Xamble (with a corporate name change to Xamble Group Limited) and has released a new mobile influencer platform which will diversify its revenue streams and provide new growth opportunities.

Derived from the core word "assemble", Xamble is pronounced as 'x-em-bl', and reflects the Group's vision of 'Assembling Communities' to deliver prosperity and value to its ecosystem of brands, influencers or 'creators', and consumers. The Group has worked with more than 300 brands including the likes of KFC, Unilever, P&G and Hasbro, and has access to over 20,000 influencers that reach over 20 million consumers in Malaysia, Singapore and Taiwan.

The corporate rebrand coincides with the release of Netccentric's new app, Xamble Creators, which improves collaboration between micro and nano influencers and brands. It enables influencers to better monetise their content and networks. Xamble Creators allows these influencers to find interest-aligned brand campaigns, be invited to participate in exclusive brand campaigns, and receive payment for their content.

The platform will soon be integrated with Open AI's ChatGPT to provide influencers with suggested social media posts based on the campaign brief and preferred tone of voice. The Group is also introducing a visual representation of the new brand called "Xb". Xb is a virtual robot that will appear across the Group's platforms and will provide virtual tutorials and suggested social media posts to its influencers.

Xamble Creators, the new app, has already gone live on the iOS App Store, Android Play Store and Huawei AppGallery. In FY2022, the Group paid RM6.7 million (S\$2.1 million) to 1.5k influencers for campaigns executed on behalf of the Group's clients in Malaysia alone. Going forward, these payments will be processed through Xamble Creators, the new app, thus requiring the Group's influencers in Malaysia to download this app.

Xamble Creators' revenue models will be through new software-as-a-service (SaaS) and fintech revenue streams for Netccentric with the Group also intending to generate platform revenue from productivity transaction fees, early payment financing fees from influencers, and last-minute job fees from brands. Xamble Creators will also enable the Group to expand into the large SME market and effectively scale to new geographic markets and industries.

Netccentric Executive Chairman, Ganesh Kumar Bangah, said: *"Xamble reflects our existing business operations and aspirations to build Asia's largest digital society, leveraging content to influence purchasing decisions and add value to our ecosystem of brands, creators and consumers."*

*"Xamble Creators, our new app has been designed specifically for Asia's largest influencer category - micro and nano influencers. These highly valuable creators have more personal and authentic interactions with consumers and engage more often with their audience than other influencer types. The ability to access a ready pool of influencers provides our brand partners with a unique selling proposition while enabling us to effectively enter new industries and geographies. Importantly, Xamble Creators diversifies our revenue streams and enables us to expand into the large SME market which will drive long-term revenue growth."*

The Group's name change to Xamble Group Limited is subject to shareholders' approval at Netccentric's forthcoming Annual General Meeting to be held on 30 May 2023.

*This announcement was approved for release by the Netccentric Board of Directors.*
