Competitive Advantage

Our value-add: helping brands to navigate a fragmented influencer market

The influencer market has been becoming increasingly fragmented, with **Nano and Micro influencers** dominating a **majority of follower volume**.

Our **database of 20,000 influencers**, built over the past 16 years, enables us to provide the best influencers to suit the demographic requirement of our clients.

This has enabled Nuffnang Malaysia to become a partner of large media agencies and build a base of engaged clients, with **84%** of its FY2022 revenue coming from **existing clients**.

Our competitors are smaller players in our market that lack the depth of data and the expertise and experience we have **built over 16 years**.

Influencers categorised by follower volume

Influencers are categorised as follows:

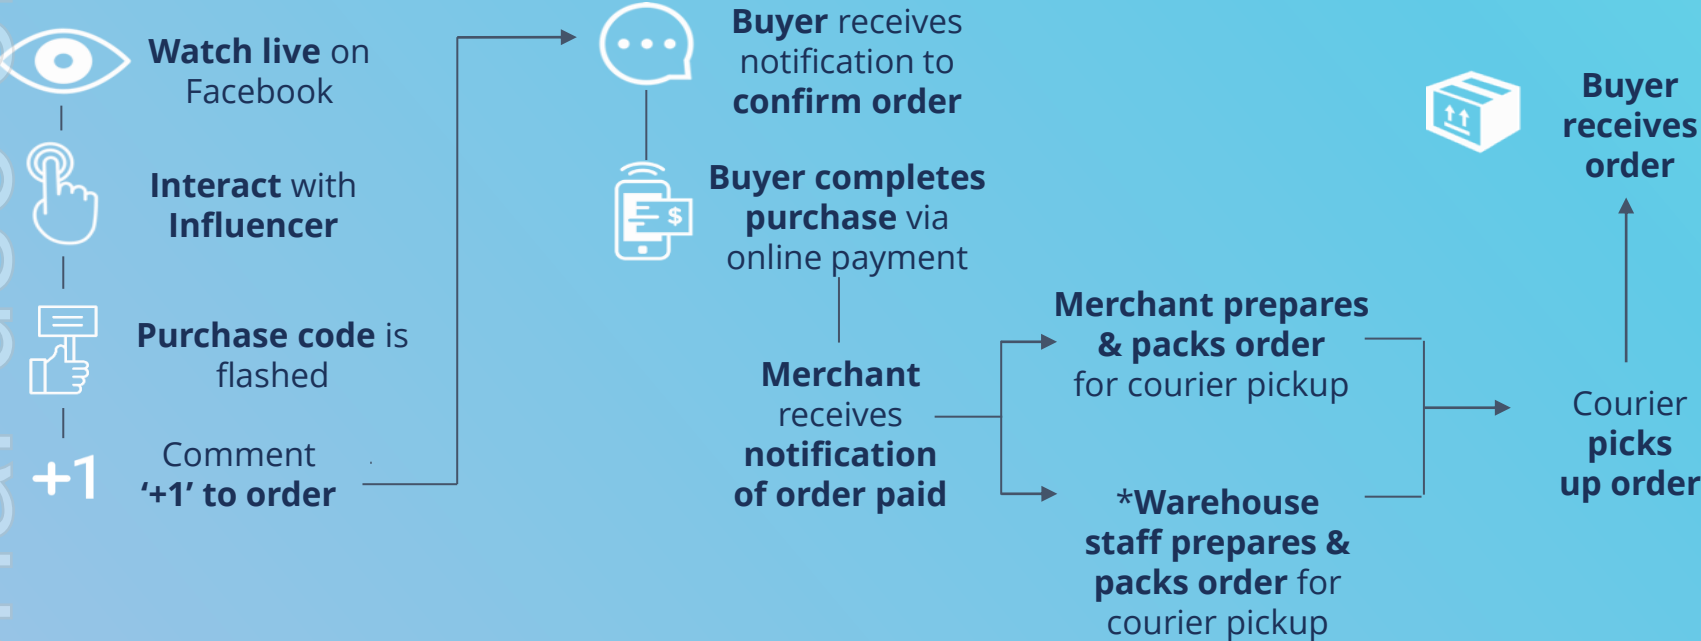

- End users: 100 - 1k followers
- Nano-influencers: 1k - 10k followers
- Micro-influencers: 10k - 100k followers
- Macro-influencers: 100k - 1m followers
- Top stars: 1m+ followers

Case Study – Multi-Channel Network Partnership

NUFFNANG & TIKTOK SHOP

TikTok launched a live shopping function called TikTok Shop for its Malaysian users in Q1 2022, after its recent success in the Indonesian market in 2021.

To ensure a successful launch, TikTok engaged Nuffnang as one of its multi-channel network (MCN) partners to plan and execute a sales-driven influencer marketing campaign in the month of Ramadan (April 2022).

THE RESULTS

For this “Selamat Super Deal” campaign, Nuffnang engaged 4 creators to conduct 3 major livestream sessions of 4 hours each in conjunction with the Hari Raya festival in Malaysia.

All our TikTok Shop sessions were successful, generating total revenue for merchants of close to S\$30,000 through sales of more than 3,000 items, and delivering significant boosts in gross merchandise volume (GMV) transacted by the creators.

Further contributing to the success, the usual abandoned cart rate was reduced from 70% to only 15% due to the engaging nature of live shopping combined with a trusting relationship between the creators and their fans.

Seen in photos are Alfred Ong aka Water Daddy; and Imran Bard aka imeringue2 with the Nuffnang team who were behind this campaign.
